

Uneed Residency

Sponsorship Deck — May 2026, First edition

A week-long collaborative residency bringing together entrepreneurs and indie hackers from around the world in a villa in Nantes, France.

MAY 25 – 31, 2026 • NANTES, FR

The concept

Unneed Residency is a brand-new, experimental concept. Inspired by a month-long [Hacker Residency](#) I attended in Da Nang, Vietnam, I want to recreate that energy: a flexible framework where 10 international entrepreneurs live and work under the same roof, building meaningful connections while staying focused on their projects.

10+ Entrepreneurs

From France, Europe, and beyond. Developers, designers, SaaS founders... All building in public!

Global Visibility

Most participants will document the experience through social media posts, videos, blog articles, etc.

7 Intensive Days

Collaborative work, talks, networking, livestream. A unique immersive format in the startup ecosystem.

What's Uneed?

Uneed is a product launch platform where makers and entrepreneurs showcase their projects to a global audience.

Think of it as an independent alternative to Product Hunt, built by an indie hacker, for indie hackers.

1M+

Visitors in 2025

6+

Years running

\$135K

Revenue in 2025

Sponsor Package

€5,000 • Only 3 spots available

Your sponsorship directly funds the villa, meals, and everything participants need to focus entirely on their work.

Villa Access

Full access throughout the week, including a private bedroom if you want to send a representative on site for a few days.

Dedicated Talk or Workshop

Host a session to showcase your product to all participants, in person or remotely. We can also livestream your workshop!

Intensive Visibility

Featured across all channels: social media, Uneed's website, participant-generated content, and during a livestream we're going to host on X

Merch

Want to send branded merch? We'd love to wear it during the residency and on our livestreams. Think T-shirts, caps, stickers... Anything we can **see**.

Why Sponsor?

1

A highly qualified audience

Participants are active entrepreneurs with real online followings. They test, adopt, and recommend products to their communities every day. We select participants who are already generating revenue and are active on social media.

2

Organic, authentic content

Every participant shares their daily experience during the residency. Your brand will be naturally woven into content created by influential builders.

3

A truly unique format

Not a trade show. Not a conference. A full week of living together as entrepreneurs. The exposure is continuous, personal, and memorable ❤️

Let's make it happen!

Only 3 sponsor spots available.
